Dear FOIA Officer:

Pursuant to the Freedom of Information Act, we request that the U. S. Environmental Protection Agency provide us with all documents or other tangible things relating in any manner to:

1. Information, reports, correspondence, memoranda, e-mail or other record with any person(s) or entities relating to any asbestos abatement, remediation, or survey activity conducted on the above-described premises at any time;
2. Information, reports, correspondence, memoranda, e-mail or other records with any person(s) or entities relating to any OSHA citations for violations involving asbestos, including inspections conducted after remedial actions, during the years 1950-1997, inclusive; and
3. Information, reports, correspondence, memoranda, e-mail or other records with any person(s) or entities relating to any WISHA citations for violations involving asbestos, including inspections conducted after remedial actions, during the years 1950 to 1997, inclusive.
4. Information, reports, correspondence, memoranda, e-mail or other records with any person(s) or entities relating to any monitoring and/or testing conducted related to asbestos during the years 1950-1997.

We would prefer digital copies of any available documents. However, we would be happy to pick up the documents as soon as they are available, if that would be more convenient than mailing from your office.
